20 S.M. County Residents Become Citizens of U.S.

Twenty San Mateo County residents became citizens of the United States during naturalization proceedings last week in superior court here.

New citizens from Redwood City are Rosa Castellini, 49 Canyon Rd.; Carmella A. Testa, 161 Myrtle St.; Mable M. Demma, 633 Roosevelt Ave.; Marguerite J. Delorenzi, 144 Central Ave.

From East Palo Alto, Loraine E. Dellamaggiore and Archie Dellamaggiore, both of 1999 Clarke Ave.; Jesus Murga, 2081 Palo Verde Ave.; from San Carlos, Frank Merlo, who now lives at Rt. 1, Box 598, Santa Cruz; from San Mateo, Renato Allegrini, Sydney Walley, Manuel T. Santos and Genoveffa M. Lusardi.

From Lomita Park, Palmira Tognoli; from San Bruno, Rosa and George Glaser; from Half Moon Bay, Antonio Giuriani and Lena M. Matteucci; from Daly City, Harry Becker and from South San Francisco, Domenica T. Fracchia and Bert F. Alladio.

Court Holds Burglar Suspects

George Faulkner, 34, and Walter Demas, alias Walter Nickademus, ex-convicts, charged with burglarizing a Belmont service station Aug. 16, were held to answer to superior court here Monday following a preliminary hearing before Belmont Police Judge John G. Smith.

The men, who have remained at the county jail since their arrest, were thwarted in their burglary attempt by Belmont Police Officer Otto Kutzer. At the service station, 1534 El Camino Real, the men had removed a radio and electric heater.

Gun Tussle Injures Wife

Carl P. Branson, ex-sailor, was held in jail here Tuesday after slashing his wife with the barrel of a gun when she tried to take the gun from him after he arrived home intoxicated about 10 a.m. today, police reported.

Branson, according to Redwood City police, arrived home with the gun in his car and while arguing with his wife, she tried to grab it from him, receiving a sharp cut from the gunsight in the palm of her hand. Police are holding Branson and the rifle.

Naval guns were first used in Europe in the 13th century.

R.C. Youth, 19, Hurled 70 Feet

Hurled 70 feet by a southbound Southern Pacific train, a 19-year-old discharged marine from Redwood City narrowly escaped death Tuesday morning at 7:55 o'clock when he drove into the path of a slowing train at the Holly St. crossing, San Carlos, police there reported.

The youth, DeForest Sessions Jr. of 2401 El Camino Real, Redwood City, had driven his father to the station to catch a northbound train.

His father, who is employed by the Federal Trade Commission in San Francisco, cautioned the youth against driving over the crossing until his train had left the station. Sessions looked back when he boarded the train and noticed that his son was still sitting in the parked car.

Evidently the youth attempted to start over the crossing as soon as the northbound train pulled out of the station, failing to see the southbound train, due in Redwood City at 7:50 a.m., officers said.

The train smashed into the left rear of the '40 Packard sedan, carried the car 15 feet while the boy's body was thrown out of the car and hurled 70 feet, San Carlos police reported. Sessions landed three feet from the right-of-way in the center of the southbound tracks.

He was rushed to Community Hospital in San Mateo by a Peninsula ambulance. His condition was pronounced fair at noon today. Hospital authorities said he was suffering from two lacerations of the scalp, two lacerations over the left eye, friction burns all over his body, contusions and possible head and internal injuries. Part of his clothing was torn off by the force of the train bumping his body along, officers said.

The commuter train to San Jose was delayed 30 minutes. The conductor, W. H. Hutson of San Jose, was also conductor on the train which smashed into a car here on the night of Aug. 14, killing a 19-month-old boy, John Winn, of Redwood City, officers reported.

Officer Donald Lowe of the San Carlos Police Dept. investigated the accident with Reserve Officer Robert Harris.

The youth's father was notified when his train arrived in San Francisco this morning of the accident. Both parents went to their sons' bedside.

May Include Subways in Master Plan

Redwood City's planning commission Tuesday solved the complicated zoning problem of Grover Alspaugh, who has long wanted to start building a laundry at Pine and Lathrop Sts. At the same time, new zoning problems, arising from Redwood City's lack of a master building plan, were tossed into its lap.

A plan originating with the planning commission to officially make the Lathrop St. area, parallel to Main St. between Main and El Camino Real, a "light industrial area" will be carried out, solving both Mr. Alspaugh's problem of long standing and providing a specific zone for businesses of a light industrial nature to settle in the city.

The area will be the four blocks running between Lathrop and Main Sts. with the frontage on the two main streets to be kept as "business zones" and the frontage on Lathrop which faces El Camino Real, to be kept as "business" property.

This will provide an area where business may have light industrial plants in the center of the blocks, but must maintain a business office front on the property.

The city council met at the site of the rezoning with the planning commission last night, and agreed to accept the rezoning of the Alspaugh property if the commission made the specified recommendations for the four-block area.

Efforts to start work on a master plan for the city continued and the commission has issued an invitation to L. Deming Tilton, San Francisco planning expert, to meet with the planning commission on Sept. 14, to discuss further procedures in developing a master plan.

A two-page list of street and building improvements for the city that may fit into the proposed master plan was submitted by Planning Commission Chmn. Albert H. Morgan, Jr.

Describing Redwood City as a "mystic maze," Morgan said in his report that agents had "started a road or a street nowhere in particular and arrived in about the same place."

His program calls for the building of subways at Bayshore and El Camino Real in several locations, widening of many main thoroughfares and purchase of land for an airport.

Specifically, it calls for subways at Rogers and Stafford Sts. under the Southern Pacific Railway track and extended to go under El Camino Real with its entrance on Whipple St. A center entrance would be between Jefferson and Main at Bayshore; another subway is called for at Main and Pennsylvania Ave.; a subway at Chestnut and Pennsylvania Ave.; a subway under the tracks at Pennsylvania and Jefferson, and a subway at Pennsylvania and Brewster and Pennsylvania and Broadway.

Widening of streets should be undertaken at Rogers St., Whipple St., Main St., Woodside Rd., Roosevelt Ave., Vera St., Jefferson Ave., James St., Brewster Ave.; Broadway, from El Camino Real to Hopkins St.; Hudson St. and Alemeda de las Pulgas.

Streets should be opened, according to the report, at Oak St., for its entire length; Hudson St., to connect with Somerset St., and Somerset St., to connect with Cedar St. in San Carlos.

The projects should be financed by the railroad, the city, and the state gas tax money, Morgan reported. Development of property for an airport should be made later, the report said, and a workable section for light industry should be established, along with a master plan to start immediately in the city.

No action was taken on a plan introduced before the city council Monday, and containing the signatures of 50 citizens, seeking to open and extend Hamilton St. and Theater St. to Pennsylvania Ave., and to open and extend Hamilton St. to the Bayshore Hwy. to relieve traffic congestion at Broadway and Middlefield Rd., at Theater and Hamilton St., and on Winslow St.

The petition stated that the improvements would make the business and amusement district more readily accessible to citizens, shoppers and visitors.

The commission, adhering strictly to its expressed desire for a planned community, refused an application to raise a house at 128 Fulton St. to build a watch shop on the lower floor.

Highlands Group Petitions For Police Fund Help

The Highlands District Improvement Assn. board of directors today petitioned the board of supervisors to grant the Emerald Lake Police Dist. $1000, payable in monthly installments of $100, to supplement the salary of police patrolmen in that district for the balance of the fiscal year.

According to the directors, the patrolman's salary is insufficient to pay for the cost of operating his car and two-way radio equipment.

At their last meeting, the supervisors passed legislation providing taxation to raise this amount, but the proposed tax increase cannot be placed on the tax rolls until July 1, 1946.

Emerald Lake directors contend there is an immediate need for all night patrolling with police reports indicating an increase of vandalism, breaking into houses and disorderly conduct.

Petitions are now being circulated by residents of the Emerald Lake Police Dist. to supplement the petition submitted by the association to the board. More than 100 new residents have signed the petitions and it is anticipated that this number will double before the supervisors' meeting.

William Wilson Chosen Civil Service Member

William L. Wilson of Half Moon Bay has been named Civil Service Commission member by supervisors, to succeed W. A. Walker, resigned. Walker's resignation was accepted by board members yesterday, since he plans to leave the county. Wilson is secretary-treasurer of a fish packing concern at Princeton.

Supervisor Martin C. Poss of San Mateo was named the board's member of a California State Centennial Exhibition Committee to work with the state chamber of commerce and other groups toward a postwar celebration.

San Bruno's application for permission to form an assessment district to pave Cedar Ave. was also approved by the board. R. A. Rapsey, San Bruno justice of the peace and attorney, presented the application. The work will cost about $60,000, he estimated, and property owners involved are anxious for the project's completion.

Grown for thousands of years in the Orient, citrus fruits were established in Florida by 1579, and in California by 1769.

Exemptions, Tax Rate, Assailed by Voters At Special Session

This county's highest tax rate — $1.3561 per hundred dollars' valuation — was adopted by San Mateo County Supervisors Tuesday in special session.

Routine approval of the $4,090,836.78 budget summary and the admittedly high tax rate was highlighted by a brief verbal clash between board members and Winfield Scott, manager of San Mateo County Civic League, and a plea for sharp reductions in tax exemptions by James A. Miller, local realty broker and veteran of both world wars.

Miller pointed out that unofficial but accurate estimates place veterans' and charitable institutions' exemptions in this county as more than $7,000,000. He urged the board to take the lead in seeking revision of original veterans' exemption legislation to equalize the tax burden among real property owners. He said that about $6,000,000 worth of property is already tax-exempt to veterans and that several million dollars more will be tax exempt by veterans of World War II.

Scott clashed with Supervisor Thomas L. Hickey of South San Francisco when he assailed the present budget-making system as a "hurry-up without thorough study" method which settles budget totals too far in advance of the budget's actual adoption. He said he hoped "two or three of you gentlemen will develop the realization that the present system of settling budget amounts two months and 23 days before the budget is formally adopted and the tax rate set, does not provide adequate time for a thoroughgoing study of budget needs."

Hickey, taking exception to Scott's claim the tax rate had not received "thorough study" flashed back a query whether Scott was not merely attempting to "find fault." He suggested that Scott's protests would have been more valid if presented earlier in the season. Chmn. Edward McDonald of Burlingame, who also took exception to Scott's remarks, pointed out the supervisors had given the budget thorough study, and had lopped more than $25,000 from tentative estimates.

The $1.3561 rate, County Clerk W. H. Augustus summarized as the budget totals and rates were read before adoption, is expected to raise a total of $1,925,213.84, less and expected three per cent delinquency. The budget calls for an expenditure estimate of $4,090,836.78, of which $2,204,933.59 is already available.

An added $0.0408 rate makes the county tax rate $1.3969 for taxpayers outside of Redwood City, Burlingame and San Mateo, since the county free library district's $35,867.30 expenditure estimate is included.

The basic rate, and the amounts on which it is based, follow:

General fund	$483,343.88	$ .3592
Salary fund	899,862.05	.6687
Social welfare	182,015.96	.1352
Rodent eradication	348.86	.0003
Agricultural labor camps	2777.42	.0021
Courthouse construction	22,385.84	.0166
Juvenile home construction	23,584.88	.0175

1906 courthouse furnishgs. bonds	1,993.88	.0014
1932 county relief bonds	24,819.33	.0185
County basic rate		$1.3561
County free library dist.	35,867.30	.0408

Not a Chill, But A Real 'Quake

Lamp shades danced and dishes rattled throughout Redwood City Tuesday morning as an earthquake recorded itself on the University of California seismograph as "sharp, but not large." It was reported by Prof. Perry Byerly as average for the Bay Area. Residents throughout Redwood City reported that they had been awakened by the tremor.

The quake lasted nine minutes, the seismograph recorded. It began at 2:13 a.m. Quake center was reported 40 miles in a southeasterly direction from the seismograph at Berkeley and even woke Professor Byerly, the seismographer, from the shock.

The surface temperature of the ocean ranges from 28 degrees in the polar regions to 86 degrees in the tropics.

SFPI Revival Meeting Set For Sept. 6

Invitations were in the mail Tuesday to scores of Peninsula city and organization officers to meet Sept. 6 to revive San Francisco Peninsula Inc., which spent $40,000 a year in pre-war days promoting San Mateo County and Palo Alto.

T. J. Hallinan, Redwood City title man who was president of SPFI when it lapsed in 1942 on account of the war, said the organization probably would not undertake an advertising program this year, but would provide a countywide organization to unify action on postwar planning and development.

He listed highways, freeways, Half Moon Bay harbor development, and encouragement of selected industries as proper subjects for the organization.

SFPI, financed entirely by tax monies from the county and city governments, maintained the San Mateo County exhibit at the San Francisco Exposition in 1939-40, and conducted an advertising campaign, chiefly in San Francisco, to encourage home building on the Peninsula.

Major purpose, Hallinan pointed out, was to increase employment and business on the Peninsula.

As a result of the advertising campaign he claimed one of the greatest building booms in the United States. At the peak, one home was being completed every hour of every working day. On a per capita basis, home building on the Peninsula surpassed all comparable records in the United States.

In two successive years the SFPI advertising program was selected by American Newspaper Publishers Assn. as the outstanding community advertising program in the nation, Hallinan said.

The first SFPI meeting since 1942 has been called for 6:30 p.m. at the Benjamin Franklin Hotel in San Mateo for the announced purpose of electing officers.

PFC John L. Brotherton Aids Redeployment

PFC John L. Brotherton, 322 Spruce St., is with the 663rd Field Artillery Battalion at Camp New Orleans near Chalons, France, aiding in the redeployment of troops to the United States and the Pacific, according to word received here today.

Brotherton arrived in England on Dec. 13, 1944, and on Feb. 22, 1945, arrived in France. With his battalion he fought into Germany through the Luxembourg frontier two weeks later.

His unit broke up the German counter-attack at Remagen and supported the 76th Infantry Division in the drive across Germany to Chemnitz, near the Czechoslovakian border, where it linked with Marshal Zhukov's Russian troops.

One man with a three-and-a-half foot pulp saw can do almost as much woodcutting as two men with ax and crosscut saw.

Peterson Opposes Home Site

County Executive Frederick Peterson Tuesday indicated that he is opposed to the site west of Community Hospital approved by Board of Supervisors for the proposed new juvenile home, and emphasized the probable need for expanding the hospital in the future.

The County Probation Committee will "undoubtedly" recommend to Juvenile Court Judge A. R. Cotton approval of the Community Hospital site, Edward H. Cosgriff of Burlingame, chairman of the committee, said today.

Meanwhile, opposition in San Mateo itself to the community hospital site continued to grow, with a meeting of the directors of the South San Mateo Improvement Assn. scheduled for tomorrow night to discuss the juvenile home site.

Peterson today declared the belief that San Mateo County "in the next ten or 15 years" will reach a population of nearly a million. "The county hospital facilities will have to be greatly expanded" the county executive said, intimating the proposed site of the juvenile home ought to be reserved for the expansion of the hospital.

The executive emphasized that approval of a site is "up to the probation committee and Judge Cotton," and said he did not wish to be involved in a dispute over the site.

He suggested that San Mateo residents who are up in arms over the selection of the Community Hospital site should carry their complaints to Supervisor Martin Poss of San Mateo, who is also a member of county planning commission.

Meanwhile, Cosgriff said flatly that the probation committee will recommend to Judge Cotton that he approve the Community Hospital site, declaring that "the matter has been thoroughly explored from every angle and there is no reason the choice for a site should be changed again."

The committee will meet on Sept. 11 to make its recommendation to Judge Cotton.

The judge is currently on vacation and could not be reached for comment.

Cosgriff pointed out that the land in question, a 10-acre site, west of Community Hospital, has belonged to the county for many years. "Property owners in the area have long been cognizant that the land could be used for any institutional purposes," he said.

The probation committee chairman said that the City of San Mateo could not offer any legal bar to the county's building the new juvenile home on the Community Hospital site.

San Mateo City Councilman Carrol M. Speers said today he hoped to be able to get in touch with Judge Cotton tonight and discuss the question. Speers said he was "definitely" opposed to the site next to the hospital but added that so far he knew there was no way San Mateo could block the county from building the youth home there.

Store Sites Sold In San Mateo Deal

SAN MATEO—San Mateo's business district will soon boast several new, modernized business stores with the resale of four Third Ave., store buildings, and the announced plans to construct a modern establishment at Second Ave., and San Mateo Dr.

All the buildings involved were originally part of the Caldwell Estate, which was first sold July 3 for an approximate $250,000 to Ross H. Chamberlain of Redwood City, and H. E. Goss of Menlo Park.

D. A. Raybould, San Mateo realtor, recorded the deed of the resale by Chamberlain and Goss to Abraham Hirschberg and Frank Gentiles, San Francisco realtors, Peter Leth Nissen, San Mateo beauty parlor owner and Niels Schultz, Millbrae Highlands developer.

Raybould also revealed negotiations are in progress with several groups for tenancy of a modern $100,000 four-story building to be built on the site of Pattissonn's Garage, Second Ave., and San Mateo Dr.

OPA Rent Control To Shorten Office Hours

Office of Price Administration rent control headquarters for San Mateo County in Bulingame will close Saturdays in the future, the board announced today. Beginning this Saturday the new business days will go into effect. The board at 1350 Howard Ave. ,Burlingame, will also close Monday of next week.

Menlo Park Council Denies Exclusive Taxi Franchise

MENLO PARK—A proposal by L. E. Linebarger Jr., Menlo Park cab operator, for an exclusive taxi franchise in exchange for bus service, was declined at Tuesday nights meeting of the Menlo Park City Council.

Peter Gerbo, recently discharged war veteran, appeared before the council to ask if his application for business license to start a taxicab service for Menlo Park was in order.

Linebarger immediately asked for the attention of the council. "If the City of Menlo Park will give me a five or 10-year exclusive franchise to operate a taxicab I will agree to give bus service to the entire area of Menlo Park," he offered.

He added that he was willing to post a bond to back up his offer.

Mayor Donald Fisher said: "I'm against exchanging a taxi franchise for a bus service—besides this is in direct opposition to the ideals of free enterprise."

After considerable discussion the council decided that they had no legal grounds to stop Gerbo from receiving a license to operate a cab service.

Gerbo and his partner, Clarence Dahl, stated that they would start operating two new cabs to be known as the Menlo Cab Co. within the next few weeks.

Councilman Charles Burgess stated that the tax rate for the coming year would be 96 cents —a 4-cent reduction under last year.

He pointed out that this was something unique in budgets this year since most city tax rates were being increased.

Sept. 18 was the date set for a public hearing on the proposed widening of Santa Cruz Ave. from El Camino Real to University Dr. All property owners are invited to attend.

The proposed Merrill Ave. improvements progressed another legal step after the council heard only two mild protests against the issue.

Park Comsr. Wallace Brown reported that he was planning to obtain figures on the cost of installing a lawn sprinkler system for Memorial Park.

The council meets again Tuesday, Sept. 11 at 7:30 p.m.

8 Blazes Set By Firebug

Six fires of incendiary origin kept Redwood City firemen busy for three hours Monday afternoon while the Woodside Fire Department reported two more blazes definitely set by a "fire bug."

All set within two blocks of each other, the Redwood City fires were small grass blazes in the vicinity of Harrison Ave. and Duane St., firemen said.

In rapid-fire succession, the blazes were reported at 3:15 p.m. at Jefferson Ave. and Clinton St.; another at 3:21 p.m. at Harrison and Duane Sts.; a third at 5:10 p.m. also at Harrison and Duane Sts.; a fourth at 5:11 p.m. at James and Duane Sts.; a fifth at 5:31 p.m. on Clinton St. between Harrison St. and Jefferson Ave. and a sixth again at Duane and Harrison Sts. at 6:37 p.m.

No damage was reported from any of the fires, although flames burned grass behind residences, no homes or buildings were threatened, firemen said. At 5:45 a.m. today, a box was pulled at Vera Ave. and Clinton St. Grass and old lumber were destroyed, firemen reported.

The Woodside Fire Dept. said a fire, reported at 4:22 p. m. Monday on Jefferson Ave. near the entrance of the Cavalier estate in Emerald Lake, burned across 500 feet of grass up to Brookline Way. Flames destroyed grass and rubbish piles.

A second fire started a few moments later 200 feet south of Brookline Way, firemen reported. No damage was caused by either blaze, but the department said both fires were definitely "set." Fifteen men and two trucks brought the flames under control. One oak tree and several wood piles caught on fire but were saved.

Woodside firemen are still "watching" the area where flames burned over 10 acres of brush and felled trees Sunday on Skyline Blvd. near Bear Gulch Rd. One fireman remained at the scene all night extinguishing sparks in the leaf mold and punk (dry pine needles).

Firemen also reported that a barn containing 30 tons of hay on the V. P. Arata property, scene of most of Sunday's fire, was mostly saved. Previously it had been reported that the barn was destroyed.

Redwood Man Gets Flying Cross Award

First Lt. Robert L. Fields of 1433 James St., has been awarded the Distinguished Flying Cross for "extraordinary achievement in aerial flight against the enemy", the army announced today.

Lieutenant Fields is a member of the Ninth Air Force's 86th Fighter group. He dive-bombed an enemy air base and personally destroyed a large ammunition dump by low level strafing sweeps.

In two years of combat flying his 86th fighter group has flown 3,645 missions from bases in Africa, Sicily, Italy, Corsica, France, and Germany. Lieutenant Fields has been stationed with his group in Gros Cerau, Germany, near Frankfurt.

Firemen Quell Blaze In Grant St. Yard

Property near 219 Grant St. was threatened on Tuesday afternoon when fire in a backyard at the address spread to a brush pile near neighboring backyard fences and was out of control until the arrival of the fire department at 4:40 o'clock.

Charred fences was the only result of the blaze, firemen said today.

Officers Outline Future Of C.A.P. to Peninsulans

Col. Bertrand Rhine, California wing commander of the Civil Air Patrol, and Capt. Peter Arth, AAF liaison officer to the C.A.P., were guests at a meeting of the officers of Peninsula Squadron, C.A.P., at the Palo Alto Airport Monday night.

Officers from Redwood City, Palo Alto, San Mateo and San Jose Flights were greeted by Lt. Walter E. Flanders, acting commanding officer of the Peninsula Squadron, who then introduced Colonel Rhine.

"What is the future of the Civil Air Patrol, now that the war is over?" was the topic of Colonel Rhine's informal discussion. After briefly reviewing C.A.P.'s war record, he said that through the interest of Gen. H. H. Arnold and other military leaders in the necessity of "air-conditioning America," the Civil Air Patrol has possibilities of an even greater peacetime future than its role in World War II.

As an auxiliary of the U. S. Army Air Forces, Civil Air Patrol, Colonel Rhine believes, will continue indefinitely as an agency to keep up public interest in both military and civilian aviation. He pointed out that federal funds for the C.A.P. received through the AAF budget passed by Congress in July of this year, were 25 per cent higher, indicating a continued national interest in the organization. In addition, the Air Power League of America, comprised of national aviation leaders, headed by Howard Angus, president of General Electric, has announced its intention to incorporate the Civil Air Patrol League in its plans to "maintain the supremacy of American airpower."

Furthermore, Colonel Rhine continued, the California state legislature, at its last session, appropriated $216,000 to be used in the next two years by the California wing of the Civil Air Patrol, through the Department of Education. Plans are now underway to employ several paid, full-time Civil Air Patrol officers, preferably AAF combat returnees. Local groups will be furnished a paid secretary and office space to expedite C.A.P. work throughout the state. Printing facilities will be made available to the various groups. A large share of the appropriation will be kept as an "operations fund" to be used in time of fire or flood emergencies in California, at which times the C.A.P. would continue their patrol and rescue work.

At the conclusion of his report Colonel Rhine introduced Capt. Peter Arth, B-24 pilot, recently returned from the 15th Air Force, who took part in 50 missions over Italy and participated in the famous Ploesti oil field raids. Holder of the Air Medal and Distinguished Flying Cross, Captain Arth is now an AAF liaison officer assigned to the California Wing of the Civil Air Patrol. He voiced the AAF's appreciation of C.A.P.'s past work, and said that the army is definitely interested in the progress of the organization as a means of "indoctrinating the principles of air power" into the civilian population.

Both Colonel Rhine and Captain Arth answered questions in an open forum at the end of the meeting.

It was brought out that California C.A.P. Wing headquarters in Los Angeles fully expects a large amount of Army Air Force surplus material to be released for C.A.P. use, including several primary training planes, radio equipment, training aids, etc. The General Petroleum Corp. of California has also indicated its willingness to make a survey and install 250 air markers throughout California, selected by the Civil Air Patrol.

With the encouragement of the meeting with Colonel Rhine and Captain Arth, flights under the Peninsula Squadron of C.A.P. are making enthusiastic plans for the local fall sessions which will begin sometime in September.

3 Injured in Redwood Bus, Car Accident

PALO ALTO — Fifteen passengers were shaken up but only three were injured when a bus operated by the Redwood City Bus Lines collided with a car at 8:15 Wednesday morning at the corner of Middlefield Rd. and Everett Ave.

The bus hit the small sedan broadside, glanced off and struck a telephone pole.

Most seriously injured was Mrs. Dora Arnold, of 471 1st Ave., Redwood City, who was taken to Palo Alto Hospital by ambulance with a back injury. Also injured were Ethel Griffith, 501 Alameda de las Fulgas, Redwood City, bruised left knee; Clarence Craine, 430-9th Ave., Menlo Park, bruises on chest and right leg.

Both the bus and the sedan, driven by Robert Burns, Permanente, were southbound on Middlefield Rd., when the accident occurred. The bus, driven by Valdese Wilson, of 302 Sansome St., Redwood City, swung out to pass Burns' car as it made a left turn onto Everett.

No one has been cited for the accident.

Approximately 94,000 dental patients in the army are seen each day.

There are approximately 10,000 women employed in the oil industry's refineries in this country.

Gans Unable Secure Raise At New Rate

County Executive Frederick Peterson Wednesday revealed his civil service rating of Dr. Charles C. Gans, placing Gans, county health director, in a class, unable under civil service rules, to receive the proposed $580 a year raise provided in the 1945-46 salary budget unless the board of supervisors votes differently.

During their two previous meetings, the supervisors have been unable to agree on Gans' rating and the matter has been continued on the agenda until the Sept. 4 meeting.

The supervisors have the power of each individually rating Gans or doing so as a body. In either case, the board has five votes on the rating compared to Peterson's one.

Peterson's rating of Gans was 74, one point below the average level. According to the civil service commission, a rating of from 95-100 is outstanding; from 84-94, above average; from 75-84, average; from 65-75 below average and from 0-65 poor.

The county executive said his rating of Gans was a "slight improvement" over last year. Long bitter enemies, Peterson has been accused of "prejudice" in his civil service ratings of the health director.

Action on the ratings was precipitated by Owen Broyles, county civil service personnel officer, who requested the supervisors to turn in their ratings of the health director as soon as possible. Broyles then reported that Peterson had already turned in his report.

Dr. Gans's salary will be raised from $5940 to $6520 a year if the supervisors give the health director a rating of over 80. According to civil service commission rules, that rating must be received before an employe can be granted a raise.

Indications today pointed toward the supervisors denying Gans a rating of 80.

Based on his work from Jan. 1 through June 30, 1945, Peterson rated Gans as follows:

Physical suitability	70
Personality	70
Observation during work time	74
Quality of work	64
Judgment	70
Dependability	70
Ability to learn	70
Attitude toward work	74
Attitude toward supervision	75
Knowledge of work	70
Observation rules, regulations	70
Follows work instructions	75
Completes work on time	75
Orderly system	65
Executive qualities	70

James Smith To Chairman Policeman's Ball

The Peninsula Police Officers' Assn. has named Officer James Smith of the San Mateo Police Dept. to be the general chairman of the 17th Annual Policeman's Ball to be held on Sept. 22 at Bay Meadows Clubhouse in San Mateo. The affair will benefit the widow's and orphans' fund of the association.

Chairman Smith announced that the following officers have been appointed to head the committees: Chief Jack Theuer of Burlingame, flowers; Officer Harold Bauer of San Mateo, music; Officer Cole Stafford of Redwood City, hall and decorations; Sgt. August Tarragno of South San Francisco, special events; Chief William Maher, San Bruno, color bearers and military police; Chief Walter Wisnom, Hillsborough, tickets; Dep. Chief of Police John Hartnett, Burlingame, floor manager; Police Inspr. Tom Conners, San Mateo, hat checks; and Officer Edwin Maillard, San Carlos, publicity and photography.

Sgt. Lawrence Furio of Burlingame is president of the Peninsula Police Officers' Assn. this year.

Packers Planning Fish Processing Plant on Coast

Supervisor Henry W. Edmonds of Redwood City, has been named member of a county and city affairs committee of the County Supervisors Assn. of California by Pres. W. A. Smith, to work with a special highway committee.

Possibility of residents' complaints at Princeton-by-the-Sea to the fish reduction plant permit granted Princeton Packers by the State Fish and Game Commission was discounted by Chairman McDonald and Supervisor Alvin S. Hatch of Half Moon Bay, in an informal discussion after the tax rate meeting yesterday.

Hatch pointed out that while the county board's permit to the packing company had been for cannery, rather than sardine reduction activities, he had been advised that new methods eliminated the former miasmic odor usually generated by fish reduction plants. He said the board would consider its future action in connection with the local permit only if such action were demanded, and expressed belief no complaints should be forthcoming.

Amend Incorporation Of Menlo Park School

Certificate showing amended articles of incorporation for the Peninsula School in Menlo Park was on file in the county clerk's office today.

The certificate shows that Frank Duveneck, wealthy Los Altos resident, is vice-president of the school and John D. Short is secretary.

The amendments change the school's name from Peninsula School for Creative Education to Peninsula School Ltd., and provides that members (parents of children attending the school) shall have equal votes in the corporation. The school was first incorporated on May 8, 1931.

It is a tradition that each state for which a battleship is named shall contribute a silver service to the ship's officers' mess.

9 Hours Required To Recover Bodies of 7 Crash Victims

The bodies of five sailors and two civilians, killed when their stolen auto hurtled through a guard rail and crashed 400 feet down a cliffside to the sea's edge at Pedro Mountain two weeks ago, were at Half Moon Bay Tuesday.

The accident, discovered only Monday by highway maintenance employes, apparently occurred the night of August 14-15, when the party was returning from an impromptu surrender day celebration in San Francisco.

Lt. J. F. Foran of the naval training center at Pt. Montara, who led a party of more than 25 sailors to recover the bodies yesterday, said the sailors had been listed as AWOL since their non-return Aug. 15 at expiration of their overnight leaves. It took nine hours to recover the bodies.

Capt. E. F. Cassell of the California Highway Patrol who investigated the accident with Patrolman Chester Kreiss, and Dep. Coroner A. F. Dutra of Half Moon Bay, said a check of the car's license plate showed the auto had been registered to a Willie Andrews of San Francisco, and had been reported stolen the night of Aug. 14.

Tentative identification of the civilians by Dutra indicated they were merchant seamen, Walter Schubine, 26, of San Francisco, and Leon W. Williford, 19, of Sharp Park.

Headquarters of the 12th Naval District identified the five sailors as:

John William Schwartz Jr., S1/c of Milwaukee, Wis.;

Hal Lewis Blakeslee, gunner's mate 3/c, whose mother, Mrs. Mae Blakeslee, lives at Los Angeles;

Floyd Russell Cremeans, baker 2/c, whose father, Floyd R. Cremeans, lives at Columbus, O.;

Braxton Garnett Nutter, S1/c, whose father, John Henry Nutter, lives at Elizabethton, Tenn.;

George W. Grassini, coxswain, whose wife, Edna, lives in San Francisco.

Friends of the dead sailors among the crash party who carried the bodies more than 500 feet along the water's edge to a less precipitous point on the cliffside where winch and cable could raise the stretchers to the roadside, said one of the sailors had only recently returned from South Pacific service, and had been married scarcely three weeks before his death.

Barbara Robinson Has Probation Position

Barbara J. Robinson, former case worker in the social welfare department here, has been appointed assistant county probation officer effective Sept. 1, 1945 to Aug. 31, 1947, it was reported today.

Her appointment was recommended by the probation committee and approved by Juvenile Court Judge A. R. Cotton.

Award Made Posthumously For Lt. George F. Warner

Award of the Purple Heart has been posthumously made to Frank G. Warner for his son, Lt. George F. Warner, who died in action in a bombing raid over Germany, the father said today.

Lieutenant Warner lived during his childhood and Sequoia High School days on Benito Ave., North Fair Oaks, with his father and the late Mrs. Warner. He had served with the infantry before being transferred to the air corps, and went overseas in January. He died in action on Apr. 12.

Lieutenant Warner's widow resides in Texas. The 26-year-old flier majored in mechanical drawing at Sequoia and attended San Mateo Junior College after his graduation.

His father now lives in San Francisco.

Foster Mother Refuses To Part With Child Despite Order

A San Bruno foster mother faced a contempt of court order issued by Superior Court Judge Maxwell McNutt yesterday following her refusal to give up a 11-month-old boy to the baby's real mother, Helen T. Rossing of Millbrae.

The foster mother, Mrs. Ida Meri, 26, wife of Theodore Meri, employe of Eitel-McCullough in San Bruno, christened the baby "Roger Randoph Meri" and with the mother's consent petitioned for his adoption Aug. 20.

Judge Schottky denied the petition on the grounds that the real mother had signified a desire to regain custody of the boy. Atty. Wayne Millington, counsel for Mrs. Meri, contended that the real mother had waited until the legally final day last March to begin proceedings for regaining the boy.

When confronted this week by Miss Rossing and her attorney, Joseph O'Malley, Mrs. Meri refused to give up the child.

"We feel he's our own baby now," Mrs. Meri said today. "He won't go with anyone else and cries when we are away. I can't give him up now . . ."

Judge Schottky will rule Sept. 17 on who shall have custody of the blue-eyed infant, following the granting of a motion for a new hearing. Meanwhile, the child will remain with the Meris.

Three-quarters of a million service men's wives and infants received care under the emergency maternity and infant-care program during the first two years of its operation.

Peterson, Mensoian Motion For New Trial To Be Judged

Superior Court Judge Andrew R. Schottly of Mariposa County will rule Sept. 6 at 10 a. m. on the motion for a new trial for Norman C. Mensoian and Marius F. Peterson, Redwood City sailors found guilty of attempting to extort $4000 from the owners of Villa Chartier in San Mateo July 5, Superior Court Judge Maxwell McNutt decided Tuesday afternoon.

Atty. Wayne Millington, representing both defendants in court today, failed in his attempt to have the sailors' bail reduced. Millington asked McNutt if Peterson and Mensoian's bail could not be reduced and if they were able to get out of jail, pledged that they would go directly into the custody of the United States Navy.

McNutt replied that the sailors were either in the custody "of this court or the navy" but could see no reason for overlapping of jurisdiction.

Bail for each navyman has been set at $10,000 cash each or $20,000 bond. Both have remained in the county jail since their arrest July 5.

Peterson, former Redwood City policeman, was represented in the two-day trial last week by Atty. James Boland who could not appear in court today. Members of Mensoian's family attended the 15-minute hearing this afternoon.

Following Judge McNutt's reading of the charges and decision of the jury, he asked if there was any reason why sentence could not be passed at this time.

Millington stepped forward and read the four reasons for a new trial as printed in the Tribune Saturday which included charges that the deputy district attorney (A. S. Whitmore) was guilty of prejudicial misconduct during the trial and that the defendants have new evidence which they could not diligently present during the trial.

The two sailors were found guilty of the attempted extortion charge late Thursday afternoon by a jury of eight women and four men following a two-day trial.

Full Day Shift To Continue at NMB

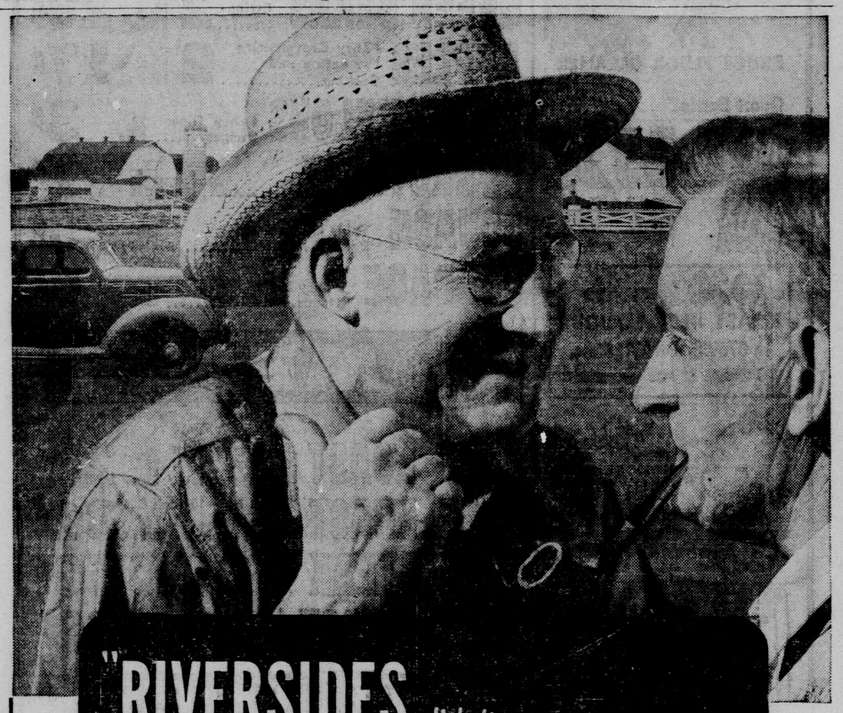
Continuance of full day-shift production at National Motor Bearing Co.'s plant here was scheduled "indefinitely", W. T. Kellogg, personnel manager, declared today. Few terminations are now planned, he said.

The plant's swing shift, employing about 60 persons, has been eliminated, he declared. "Our present payroll totals about 400 persons," he said. "As far as we can tell, we will maintain this payroll." He pointed out that while cancellations have been received, new business contracts already received and expected, will maintain suitable production schedules for the company's products.

Ask Probate of Estate Of Mrs. Daisy Gedge

Petition for probate of will of the late Daisy L. Gedge, showing an estate valued over $10,000, was on file in superior court here today.

Mrs. Gedge, a widow, died Aug. 23 of this year. Petitioner is her adopted daughter, Donaldene W. Mandeville, 105 Pepper Ave., Burlingame.



"RIVERSIDES didn't come on my car I CHOSE THEM!"

"... And I see a lot of other farmers figure tires like I do!"

"When we were in town Saturday, I happened to notice the number of parked cars on Main Street that had Riverside tires. Farmers' cars, like mine. And I got to wondering if all those men had switched to Riversides for the same reason *I* did. 'Cause you know, Jim, *none* of those Riversides *came* on those cars!"

Millions of car-owners, city and country-folk alike have switched to Wards Riverside tires. Why? Because Riversides give them more for their money; more mileage; more safety! (Riversides' plies are now *12% stronger* than in our prewar tires. That means greater protection against separation, bruises and blow-outs!)

More MILES-OF-SAFETY ON RIVERSIDES

ELASTIC TOP 5/8 HOSE FOR BOYS pr. 29c

Good looking, serviceable cottons with elastic tops for excellent fit. Sizes 6 to 9½.

PHONE RC 1300 REDWOOD CITY

Bay Meadows Dog Show To Open Sunday

One thousand dogs are expected to be entered in the San Mateo Kennel Club all-breed show at Bay Meadows Sept. 2 and 3, it was announced today.

The first dog show on the West Coast since the war ended is expected to have increased number of entries and attendance due to lifting of travel restrictions, said Mrs. Bernice Behrendt, show superintendent. Dogs do not need pedigrees to enter, and expert handlers may be secured without extra fee to show the dogs, she said.

Atherton Estate Brings $100,000

Sale of 17 acres at the corner of Atherton Ave. and El Camino Real in Atherton for an indicated $100,000 was reported by the county recorder yesterday afternoon.

The large estate was sold by Mrs. Rosalie Walter to Mr. and Mrs. Benson Benjamin. The deed was filed at the request of the San Mateo County Title Co.

1400 M.P. Service Men, 200 Already Discharged

MENLO PARK—Menlo Park Draft Board reports total volunteers and inductees of approximately 1400 during the war years, and discharges in the neighborhood of 200.

Menlo Park has been asked to provide 15 men to meet the disputed September draft, and will be able to comply with the request.

This draft board includes the districts of Menlo Park, San Gregorio, Pescadero, Half Moon Bay and all neighboring territories.

Massen Pleads Not Guilty Here

Kurt Massen of San Mateo entered a not guilty plea this morning to a charge of felony bookmaking before Superior Court Judge Maxwell McNutt and trial date was set Sept. 20 at 10 a.m.

Massen, out on $500 cash bail, was arrested June 29 by Chief Robert O'Brien of the San Mateo Police Department during a one-man raid on the Pioneer Cigar Store, 129 B St., San Mateo.

Two pounds of soy oil make enough glycerine to fire five anti-tank shells.

Lt. Frost Assigned to Santa Ana Air Station

First Lt. John E. Frost is assigned to the air force station at Santa Ana, the army said today. Veteran of 43 combat missions and holder of the Purple Heart, Air Medal with 2 Oak Leaf Clusters, 2 Presidential Unit Citations, and a Pacific theater ribbon as a navigator with the 13th Air Force, Lt. Frost is assured of domestic service until he can be released from the air corps.

He is the son of Mrs. Hazel Frost, 100 Duane St. His wife is a former WAVE ensign, Carolyn Catlin Frost.

Junior League Seeks 300 Boys

The County's Junior Peninsula Baseball League anounced that 300 boys between the ages of 15 and 17 are to be sought for next year's competition. One hundred and twenty boys were in the league this year to see Weltner's Indians sweep the 18 inch gold trophy.

Ralph Shaw, president of the league, today thanked all sponsors and managers of the league, and Albert K. Knorp of San Carlos who donated the championship trophy.

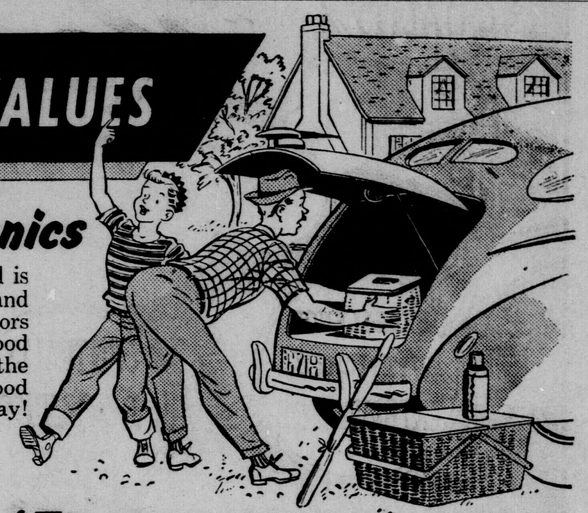
SAFEWAY LABOR DAY VALUES



How to labor less on Labor Day

Plan to play with your family on this rare three-day weekend! Remind them that you can be good fun, too, and a charming companion. This means coming out of the kitchen, relaxing with them, sharing their day. Every woman has her own formula for saving steps—we just want to list these few reminders.

Plan ahead—Menus prepared in advance are the core from which to work for easy enjoyment of the holiday. If you plan a menu around foods which are versatile or store well (roast, meat loaf, baked beans, spaghetti, potato or jellied salads; frozen or refrigerator-type desserts) there will be a minimum of preparation during the weekend.

Shop ahead—With menus planned ahead you can shop ahead. A refrigerator well stocked with frozen vegetables, fresh fruits and salad vegetable materials furnishes a ready supply which may be quickly made into items for the many meals of the weekend.

Another time saver and a welcome treat is a combination of two meals. Serve breakfast and lunch combined as a hearty brunch. Make it hearty—big wedges of melon or sliced fruit and prepared cereal; scrambled eggs or an omelet with diced luncheon meat; toasted rolls and jam or heated sweet rolls; and lots of coffee and milk and it will suffice for the two meals.

Saturday Dinner Menu

Roast Beef or Lamb or Meat Loaf
Baked Potatoes Corn and Pea Succotash
Heated Rolls and Jam
Fruit Whip with Custard Sauce
Cookies Coffee or Milk

Monday Nite Picnic at Home Menu

Stuffed Rolls Potato Chips
Garden Salad Bowl
Crum Yum Ice Cream and Cookies
Lemonade Iced Tea or Coffee

CRUM YUM ICE CREAM

1 cup graham cracker crumbs
2 cups milk
3 tablespoons sugar
1 teaspoon vanilla

Mix well with rotary beater; pour into refrigerator tray. Freeze until mushy; scrape into bowl; beat 1 minute with rotary beater; pour back into refrigerator tray. Freeze until firm. Let ripen one hour, or until ready to serve. Serves 6.

Stuffing for Rolls

Combine equal parts chopped cold roast meat and hard-cooked eggs; season with chopped pickle, onion juice, salt and pepper. Mix with mayonnaise to moisten. Spread generously on split rolls.
